

# Outdoor and Environmental Education Research Meet

## Issues of Diversity and Communication

This student-led initiative brings together PhD candidates in environmental and sustainability education to discuss methodology and disseminating research.

### Participating PhD student institutions:

- University of Aberdeen
- University of Cumbria
- University of Edinburgh School of Education and the Edinburgh College of Arts
- University of Exeter
- Heriot Watt University
- University of Stirling

THE UNIVERSITY *of* EDINBURGH

### Objectives:

- A supportive and enriching environment for PhD students
- Positive knowledge exchange between students and academics in the field
- Tailored research training

### Outcomes:

- Higher quality, and more effective, PhD research
- A stronger more collaborative community in the field
- Solutions for communication to practice and policy
- Enhanced research know-how
- Action plans for dissemination

13-15<sup>th</sup> April 2016
